hydor

HVF Typhoon Range

Versatile Floor or Wall Mounted Fans

Features & Benefits

The Hydor HVF Typhoon range are versatile circulation fans, ideal for a variety of horticultural, agricultural and equine buildings. The range offer high performance motors, efficient cooling and quiet operation.

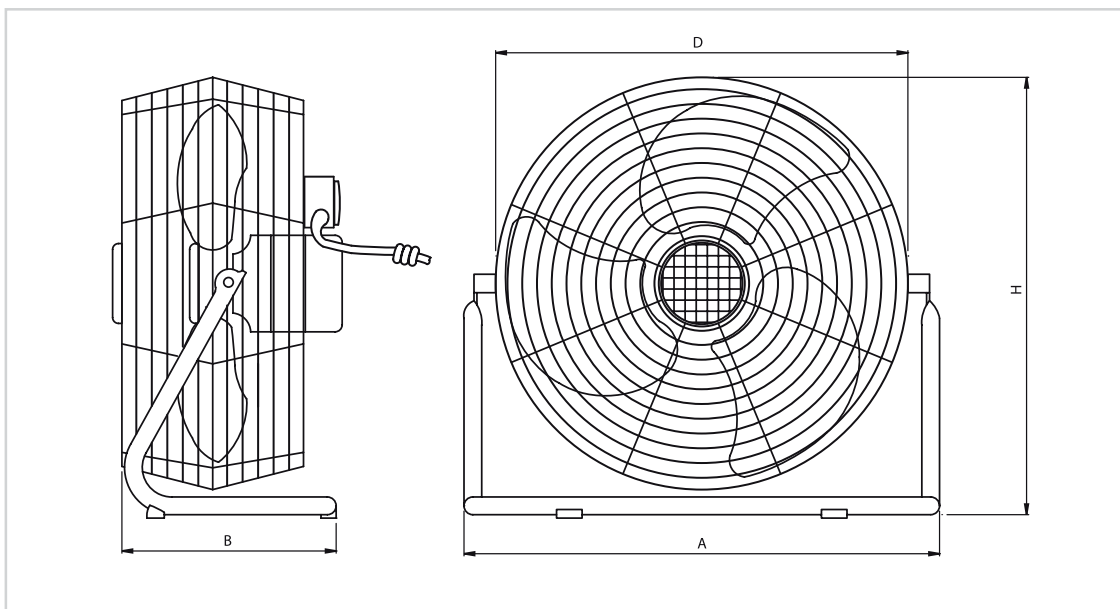

- Chrome safety guard and stylish appearance.
- Sturdy tubular base frame.
- Optional wall mounting kits available.

- Suitable for either floor use or wall mounting where space is limited.
- Built in safety thermal fuse.
- Adjustable positioning fan for precision air flow.
- 3 speed control.

Dimensional Data

| Product Model | A | B | D | H | Weight (kg) |
|---------------|-----|-----|-----|-----|-------------|
| HVF-20 | 275 | 135 | 255 | 265 | 2.3 |
| HVF-30 | 395 | 195 | 356 | 390 | 4.0 |
| HVF-45 | 575 | 210 | 518 | 560 | 6.3 |

Performance & Electrical Data

| Product Model | Size (mm) | Maximum Airflow m ³ /hr | Maximum Airflow m ³ /s | Maximum Power (Watts) | FLC (Amps) |
|---------------|-----------|------------------------------------|-----------------------------------|-----------------------|------------|
| HVF-20 | 200 (8") | 1680 | 0.46 | 38 | 0.16 |
| HVF-30 | 300 (12") | 2700 | 0.75 | 55 | 0.25 |
| HVF-45 | 450 (18") | 6600 | 1.83 | 180 | 0.84 |
