

## HVC Tarpaulin Fan Cover

Installation and Maintenance Instructions.

**THESE INSTRUCTIONS MUST BE READ FULLY BEFORE COMMENCING INSTALLATION.**

**Owner / installer:** The life of this unit will be increased if its use and maintenance is carried out in accordance with these instructions. It is the responsibility of the installer to verify that the installation is in accordance with the following standards.

### 1. General

- 1.1 It is important these Installation and Maintenance Instructions are fully adhered to.
- 1.2 These instructions cover only the Hydor product.
- 1.3 The Covers should be stored neatly in a dry position.
- 1.4 The Cover is designed like a tray, with a "bungee" strap around the circumference to retain the cover on the fan.
- 1.5 Covers are specifically sized to fit the range of HV Belt Drive Fans.
- 1.6 This product is not intended for use by young children or infirm persons unless they have been adequately supervised by a responsible person. Young children should be supervised to ensure that they do not play with the cover.

**WARNING** Covers are designed to fit over the outside of the fans when not in use during the winter months.

### 2. Installation

- 2.1 Ensure that the fan is switched off and isolated from the supply.
- 2.2 The Cover should be placed over the square of the fan and the sides drawn back towards the wall of the building. The "bungee" strap can then be released to hold the Cover in place.
- 2.3 The Cover should be checked to ensure it is correctly situated after rough weather.

**WARNING** Remember to remove the Cover before operating the fan.

## **Guarantee**

Hydor or its agents will, within a period of one year from the date of dispatch from their works, at its option, replace any goods, which are proven to have defects as a result of defective materials or workmanship. The goods must be inspected by a Hydor official and if necessary returned, with a Returns Note Number, carriage paid, for further examination.
